RE: A1,P2 Certification
Report Addendum

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) addendum to the Area 1, Phase 2 (A1,P2) certification report. This report presents the certification results for the equipment wash facility and its drainage line in A1,P2.

The certification addendum appears adequate and the data support U.S. DOE's conclusion that final remediation levels for soil were successfully achieved in the A1,P2 equipment wash footprint and its drainage line. Therefore, U.S. EPA approves the A1,P2 certification report addendum.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
